Comenius : *Exchange in France*

A trip to Annecy

On 7th of December in Lycee du Granier in Chambéry Comenius programme took place, students with their teachers from 6 countries, Poland, Spain, France, Cyprus, Portugal and Germany were here to participate in the programme comenius. The programme lasted 5 days and the students have been hosted by french families during this time pupils realized loads of activities and they spoke about

economical and political problems and mainly for political identity. Also students went to trips, out with friends and spent nice time.

They made friendships with all countries. See you in May when the next meeting will take place in Cyprus!
